

# Informatics – Master level

## Semester packages for study activities

The Department of People and Technology welcomes exchange students to join the International Study Programmes offered in English

### Semesters at Roskilde University

- A semester at Roskilde University is always 30 ECTS – a course package is equivalent to 30 ETCS
- All students must complete a project of 15 ECTS and course activities of 15 ECTS

### Choose a semester package

If you choose a package you will benefit from:

- No overlap in lectures and exams
- Your activities will most likely be with the same group of fellow students
- Project and courses within each package work together in order to give you more than each activity gives on its own

### Flexibility

If you choose to mix across fields of study/ packages:

- You are liable to check for overlap in lectures and exams (dates available in June)
- You have to choose 1 project and at least 1 course from the same field of study

### Notice

Please note that study activity offer is confirmed but course information is being updated and can change until it opens by 01 December for RUC students to choose for the spring semester.

### Group formation

A project is always group work ongoing throughout the semester. The project starts with a group formation process in the beginning of the semester. The group formation process is facilitated by academic staff in order to find a specific topic and group members within the field of study. It is not possible to do a project alone.

### Exam period

Project exams are oral group exams held in the project exam period (always the last 2 weeks of the semester).

## Spring semester – (1 February - 30 June 2022):

Field of Study:	Informatics, Master level			ECTS:
Activity code:	Name of activity:	Link to further info:	Study level: MA	30
40324	Project portfolio	<a href="https://study.ruc.dk/class/view/25291">https://study.ruc.dk/class/view/25291</a>	Master level, semester 1	15
40549	Elective course: Business Intelligence and Big Data Analysis	<a href="https://study.ruc.dk/class/view/25300">https://study.ruc.dk/class/view/25300</a>	Master level, semester 1	5
41386	Elective course: Sustainable digitalization	<a href="https://study.ruc.dk/class/view/25298">https://study.ruc.dk/class/view/25298</a>	Master level, semester 1	5
41387	Elective Course: Programming for Security	<a href="https://study.ruc.dk/class/view/25299">https://study.ruc.dk/class/view/25299</a>	Master level, semester 1	5

### Course catalogue

You can find the full course catalogue, course descriptions and final schedules at the RUC course database from June: <http://study.ruc.dk>

(Select semester (Spring semester 2022) – Master’s Programmes/Two-subject Master’s/Informatics/Choose any other subject as subject 2/Click on Informatics)

Study activities for upcoming semesters will only be available via the links provided above until 01 June. If you would like to browse in all other study activities in our course catalogue (<http://study.ruc.dk>), you will have to check spring semester 2021 for inspiration prior to June. Normally, course offers will be similar from spring to spring semesters.
