

Environmental Science – Master level

Semester package for study activities

The Department of Science and Environment welcomes exchange students to join our International Study Programme in Natural Sciences

Semesters at Roskilde University

- A semester at Roskilde University is always 30 ECTS – a course package is equivalent to 30 ECTS
- All students must normally complete a project of 15 ECTS and course activities of 15 ECTS

Choose a semester package

If you choose a package you will benefit from:

- No overlap in lectures and exams
- Your activities will most likely be with the same group of fellow students
- Project and courses within each package work together in order to give you more than each activity gives on its own

Flexibility

If you need to mix study activity across fields of study/packages, it is possible, however:

- You are liable to check for overlap in lectures and exams (dates available in December)
- You have to choose 1 project and at least 1 course from the same field of study

Notice

Please note that study activity offer is confirmed but course information is being updated and can change until it opens by 01 December for RUC students to choose for the spring semester.

Group formation

A project is always group work ongoing throughout the semester. The project starts with a group formation process in the beginning of the semester. The group formation process is facilitated by academic staff in order to find a specific topic and group members within the field of study. It is not possible to do a project alone or to do a semester without a project if there is a project within the semester package.

Exam period

Project exams are oral group exams held in the project exam period (always the last 2 weeks of the semester).

Spring semester – (01 February - 30 June 2024):

Field of Study:	Environmental Science, Master level – Package without project			ECTS:
Activity code:	Name of activity:	Link to further info:	Study level: MA	30
60097	Course: Ecotoxicology – Theory and Practice	https://study.ruc.dk/class/view/32122	Master level, semester 2	10
60101	Course: Biodiversity and Conservation	https://study.ruc.dk/class/view/32118	Master level, semester 2	5
60098	Course: Molecular Methods in Ecology	https://study.ruc.dk/class/view/32120	Master level, semester 2	5
60102	Course: Project Management	https://study.ruc.dk/class/view/32121	Master level, semester 2	5
60099	Course: Environment and Health	https://study.ruc.dk/class/view/32119	Master level, semester 2	5

Course catalogue

You can find the full course catalogue, course descriptions and final schedules at the RUC course database from June: <http://study.ruc.dk>

(Select semester (Spring semester 2024) – Master's Programmes/Environmental Science)

Until 01 June study activities for the upcoming academic year will only be available via the links provided above. If you would like to browse in all RUC study activities, you will find it in our course catalogue (<http://study.ruc.dk>), however you will have to check autumn/spring semester the year prior for inspiration prior to June. Normally, course offers will be similar from autumn to autumn semesters – spring to spring semesters.
